

# Fatima Malik

Machine Learning Engineer

fatima.malik@gmail.com • +92 321 9876543

---

## PROFESSIONAL SUMMARY

ML engineer with 4 years experience building production AI systems. Specialized in NLP, computer vision, and MLOps. Published 2 research papers on transformer architectures.

## SKILLS

Python • TensorFlow • PyTorch • Scikit-learn • Hugging Face • LangChain • FastAPI • Docker • Kubernetes • SQL • Pandas • NumPy

## WORK EXPERIENCE

### AI Labs Islamabad — 2022 – Present

*ML Engineer*

- Developed NLP pipeline for Urdu language processing with 91% accuracy
- Built and deployed 3 production ML models serving 100K+ daily predictions

### DataSci Co. — 2020 – 2022

*Data Scientist*

- Created customer churn prediction model improving retention by 25%
- Automated ETL pipeline processing 10GB daily data

## EDUCATION

MS Data Science — NUST Islamabad (2020)

## CERTIFICATIONS

- Google Professional ML Engineer
- TensorFlow Developer Certificate

## PROJECTS

**UrduNLP**: Open-source Urdu language processing library with 500+ GitHub stars

**FaceGuard**: Real-time face recognition system using PyTorch and OpenCV
